

M. D. Pathology - PG. Postings.

III CLINICAL BIOCHEMISTRY

Routine biochemical investigations and various organ function tests i.e. LFT ,RFT etc.

B. PRACTICAL

Proficiency of technological methods should include the following:

1. Fields in which high degree of professional competence and theoretical knowledge is expected:-
 - a) Gross pathology and histopathology
 - b) Haematology
 - c) Cytopathology
 - d) Clinical pathology and Blood banking
2. Fields in which student is expected to achieve reasonable working knowledge and skills to be able to run laboratory services independently
 - a) Clinical chemistry
 - b) Serology
3. Fields in which student is expected to achieve general acquaintance of techniques to understand and interpret data
 - a) Immunopathology
 - b) Histochemistry
 - c) Immunohistochemistry
 - d) Cytogenetics
 - e) Molecular biology
 - f) Medical statistics

POSTING SCHEDULE:

1) Histopathology and Autopsy	:-	15 months
2) Clinical pathology	}	:- 15 months
Haematology		
Cytopathology		
Blood Bank		
3) Biochemistry	:-	1 month
4) Serology	:-	15 days
5) Museum	:-	15 days
6) Revision in all sections	:-	4 months
TOTAL		36 months

RECOMMENDED MINIMUM TEXT BOOKS AND JOURNALS

POSTING SCHEDULE: Dr. Neha Kidley.
